PRESIDENT'S MESSAGE

There could be no contradiction of the statement that the entire world is experiencing the greatest upheaval in the history of mankind. Never before have nations been faced with such mass slaughters and suffering of their people. In the face of this, we who have chosen the practice of medicine as our life's work should, more than ever, heed our calling.

OUR ANNUAL MEEETING, held this year in Rocky Mount, N. C., affords us an opportunity to study, exchange ideas and experiences and so broaden our knowledge and viewpoint. It would be disloyalty to our profession and an injustice to the race if you fail to attend. Come with an open mind, so that, when the meeting is over, you will feel assured that the days spent in this fellowship will not be time lost but, on the other hand, hours that gave much food for thought and development and so made us better prepared to face the great ordeal that now seems inevitable.

COME! SEE! LISTEN! GROW! And thus become more efficient to serve those who will depend upon us for comfort and healing in the days to come.

The hand of fellowship awaits you in Rocky Mount. Come and grasp it, June 10, 11, 12, 1941.

THOMAS WATKINS, D.D.S.,

President.
